

Call for applications

Friedrich-Alexander-Universität Erlangen-Nürnberg (FAU)

The Faculty of Medicine at Friedrich-Alexander-Universität Erlangen-Nürnberg (FAU) invites applications for a

tenure-track position as Associate Professor of Renal Immunology (salary group W2)

at the Department of Medicine 4 – Nephrology and Hypertension at Uniklinikum Erlangen. The position is to be filled by the earliest possible starting date for an initial period of six years. FAU offers the long-term perspective of a permanent appointment to an associate professorship if the requirements of the tenure evaluation are met.

We seek to appoint a leading expert with an internationally visible profile in research and teaching. The professor will be responsible for conducting teaching and research in immunology with a particular focus on the kidney. The professorship focuses on research into immunological processes that contribute to the onset, prevention and treatment of (auto) immune diseases of the kidney and on the regulation of the rejection or acceptance of kidney transplants. The ideal candidate will be highly skilled at researching the immune system and will have proven expertise in translating these findings into clinical practice. The professor will also be expected to become involved in teaching immunity and nephrology.

The professorship will be expected to collaborate in research networks at the Faculty of Medicine (Collaborative Research Centers, Research Training Groups, Interdisciplinary Center for Clinical Research), in particular in TRR374, and be involved in teaching students. The degree programs taught at the Faculty of Medicine include Medicine, Dentistry, Molecular Medicine. (BSc, MSc), Medical Process Management, Midwifery Sciences and Logopedics. The programs Medical Engineering and Integrated Immunology are taught in collaboration with other faculties.

Successful candidates should demonstrate an excellent academic track record in research and teaching at the highest international standards. They should have substantial research experience abroad and/or international cooperations as well as experience in managing research projects and in raising third-party funding. A university degree and an outstanding doctoral degree as well as a passion for education and relevant teaching experience are prerequisites. Candidates who are able and willing to teach in both English and German are preferred. The position also requires additional postdoctoral qualifications. These should be in the form of a habilitation (postdoctoral thesis) or equivalent academic qualifications. These qualifications may also have been achieved in a non-university context or through a junior faculty position (for example as Assistant Professor). Provided the successful candidate has the required qualifications, they may also be involved in patient care.

The successful candidate should become actively involved in administering academic affairs and in developing strategic initiatives. FAU pursues a policy of intense student mentoring and therefore expects its teaching staff to be present during lecture periods.

FAU offers an outstandingly productive research environment as well as a passionate and multi-disciplinary scholarly community within a vibrant institutional network.

FAU offers career development and an attractive initial package. Based on international standards and transparent performance agreements, FAU ensures a fair tenure-track evaluation process.

In its pursuit of academic excellence, FAU is committed to equality of opportunity and to a proactive and inclusive approach, which supports and encourages all under-represented groups, promotes an inclusive culture and values diversity. FAU is a family-friendly employer and responsive to the needs of dual career couples.

Please submit your complete application documents (CV, list of publications, teaching concept and research concept [max. 2 pages each], list of third-party funding, list of operations, copies of certificates and degrees) online at <https://berufungen.fau.de> by **August 4, 2024**, addressed to the Dean of the Faculty of Medicine. Please contact med-dekanat@fau.de with any questions.
